

NOTICE OF FILING

Position: Data Analyst (Multiple Openings)

Duties Compile and assess data and develop reports needed to monitor educational program compliance with city, state, and federal requirements. Create early childhood reports and provide relevant and timely data to the Executive Director's office, CEO, principals, teachers and consultants. Conduct data entry, importing, cleaning, validating, and reporting student and program data into and from DASL, Scantron, NWEA, Study Island and other various databases. Aggregate data across funder requirements and report program data. Support Management in the day to day maintenance of multiple data systems, as well as perform ongoing required changes and updates. Run routine reports in the various databases for programmatic compliance and monitoring. Compile information from multiple databases to create comprehensive reports to EDS upper management, networks, and other governmental agencies. Frequently work with data to reconcile multiple data sets from different sources. Compile information for data backloads to various data systems in a timely streamlined manner. Provide data cleaning, aggregation, and analysis as needed for EDS and 3rd party by network, site, and student level data. Maintain a working knowledge of all data elements needed for programmatic compliance and an associated data dictionary.
